

join us for a healthy and enjoyable summer at the  
**KyADAPT Community Garden**

With the support of the Housing Authority of Danville, the Hudson Ellis Foundation, James Ross, KSD's FFA, Boyle Extension Office, and the Bluegrass Community Action Agency KyADAPT has started clearing for a community garden. Clients will be able to grow, and EAT, a variety of vegetables. There will also be flowers they can cut and use in their homes. We are also planning to reward our workers for their sweat equity.

For now, we need YOUR help...

**every other Thursday at 6:00pm.** The more workers, the easier the work!

See you on Thursday, June 27<sup>th</sup>, July 11<sup>th</sup> and 25<sup>th</sup>, etc, etc...

Our garden is located behind the Housing Authority of Danville's  
Community Center on Toombs Court.
